BRIDGTON FAIR

The Fourteenth Annual Fair of the Bridgton Agricultural Association, Aug. 7, 8, 9 went into the fourth day because of threatening weather and previous rain that upset the track for the races.

Tuesday was to have been Camp Day and as many of the camp boys were on hand and the baseball teams representing Zakelo and Koda, scheduled for a game in the forenoon it was decided to start the contest. Koda, which always has an excellent team, proved a little too much for Zakelo and clinched the game in the fourth inning when seven Koda runners crossed the home plate. The final score was 11-5, in favor of Koda.

The exhibition hall was filled with products of the farms, and handwork from the household, girls' camps, Highland Grange, the Congregational Church Guild together with works of art by various individuals and associations.

There was a good display of cattle in a remote corner of the grounds.

The Fair officially opened on Wednesday, the schedule being set ahead one day. While the track was not in the pink of condition, the rain held off long enough to dry out some and the races scheduled to be held on this day were in order.

There were two classes, the 2:25, trot or pace and the 2:16 trot or pace. Sister Napoleon, the chestnut mare, from the stables of Joseph Robinson, of Oxford, took the 2:25 in three straight heats and in the 2:16 Luke Bell, the black gelding, from the stables of N. T. Fox, Portland, took the race in three straight heats.

Improved Uniform International Sunday School Lesson

(By Rev. F. R. FITZPATRICK, D.D., Dean Moody Bible Institute of Chicago)
(S. 1233, Western Newspaper Union.)

Lesson for August 19

PAUL CARRIES THE GOSPEL INTO EUROPE

LESSON TEXT—Acts 15:36-41:5.
GOLDEN TEXT—Come over into Macedonia and help us.

PRIMARY TOPIC—Paul's Wonderful Dream.
JUNIOR TOPIC—God Calls Paul to Work in Europe.

INTERMEDIATE AND SENIOR TOPIC—Pioneering in Europe.
YOUNG PEOPLE AND ADULT TOPIC—Paul's Call to Europe.

1. Finding an Assistant for Paul (Acts 15:36-41:5).

2. Contention over John Mark (vv. 36-41).

3. Paul's proposal (v. 38).

4. This was to revisit the scenes of their missionary endeavors to find out what progress the believers were making in their Christian experience.

5. Determination of Barnabas (v. 37).

6. Was to take with them John Mark, Barnabas' nephew (Col. 4:10).

7. Paul's opposition (v. 38).

8. He was suspicious of Mark because of his desertion on a former journey (Acts 13:13).

9. Their separation (vv. 39-41).

10. Their contention was so sharp that they separated. God overruled this incident to the wider extension of the work. Barnabas took Mark and sailed to Cyprus; Paul chose Silas, and went through Syria and Cilicia.

11. Finding Timothy (vv. 16-17).

12. The place (v. 17).

13. It was the very place where Paul on his first journey had endured cruel stoning. The conversion of Timothy may be regarded as fruitage of Paul's testimony at that time.

14. His parentage (v. 18).

15. His mother was a believing Jewess and his father a Greek.

16. His character (v. 20).

17. He had a good reputation in the church at Lystra and Iconium.

18. His circumcision (v. 23).

19. Timothy had not been circumcised. Doubtless this omission was because his father was a Gentile. To avoid offense among the Jews, Paul circumcised Timothy.

20. The ministry of Paul and Timothy through the cities (vv. 4, 5).

21. They delivered decrees which had been ordained at the Jerusalem council (Acts 15:19-24).

22. Forbidden to Preach the Word in Asia (Acts 16:6-8).

23. The inclination of Paul was to tarry in Asia Minor preaching the Word, but he hurried along. The Holy Spirit is just as active and faithful in closing doors as in opening them.

24. The Call to Macedonia (vv. 9-12).

25. The time had now come for the gospel to begin its conquest of another continent. By the crossing of the gospel from Asia to Europe the church, instead of becoming an oriental movement, became mainly occidental.

26. The vision (v. 9).

27. Being hemmed in on all sides, a vision was given to Paul of a man of Macedonia pleading for help, which made clear the meaning of the closed doors about him.

28. The advance (vv. 10-12).

29. As soon as the divine way was known they moved forward. Visions, to be effective, must be quickly translated into aggressive action.

30. The First Convert in Europe (vv. 13-15).

31. The Jewish element in Philippi was so small that it was unable to afford a synagogue, therefore the devout people were accustomed to worship by the riverside. To a humble gathering of this kind Paul came and preached.

32. Lydia, a business woman from Thyatira, believed. The steps in her conversion are worthy of note, as typical.

33. Attendance at the place of worship (v. 13).

34. Usually those whom God is calling are found at the place of prayer.

35. Listening to the preaching of the Word of God (vv. 13, 14).

36. Faith cometh by hearing and hearing by the Word of God (Rom. 10:17).

37. Her heart was opened by the Word (v. 14).

38. Only the Lord can convert a soul. It is our business to preach the Word of God, and it is God's business to open the heart of the inquirer. Regeneration is a supernatural work.

39. She was baptized (v. 15).

40. Every one whose heart the Lord has opened desires to confess Him in baptism.

41. Her household believed (v. 15).

42. Hospitality practiced (v. 15).

43. Those who have experienced God's saving grace are disposed to have part in His work by rendering aid to His ministers.

Nowhere Else to Go

I have been driven many times to my knees by the overwhelming conviction that I had nowhere else to go. My own wisdom, and that of all about me seemed insufficient for that day.—Abraham Lincoln.

Not Without Christ

A man may go to heaven without wealth, without riches, without honor, without learning, without friends, but he can never go there without Christ.—Jno Dyer.

SUMNER

Deal of Trading—Visitors at Emerson Bartlett's—Road Repairs.

Lell Poland, one of our local lumber contractors, has been doing quite a line at trading, recently, having bought three cows, sold one of them to his horse, and bought another heavy stock horse, traded the standing grass upon his old place at East Sumner with Norman Bell for a part of the hay on the Bell place, it being more hands to draw to the Penley camp where Lell is to handle the birch for the Penleys this coming winter, as he has for winters past. Lell has moved several acres for Emerson Bartlett, also has bought the standing grass on the Moses Young farm in Hartford, estimated at forty tons this year.

Visitors at Mr. and Mrs. Emerson Bartlett's for a week past were their son, Irvin, and daughter, Doris, and Brandon Patterson of Bridport, R. I., and William Burr and daughter, Hazel, of Bellingham, Mass.; the former party left home Saturday, August 18th, drove a distance of fifteen miles to the Burr place, where they joined the party for a long drive to the wooded section of Sumner, and the home of the Bartletts, a total distance of about three hundred miles, stopping at York Beach for dinner and a few other places of interest for the purpose of taking a few pictures. Everything went lovely outside of the summer, being bad for fires, although none of the party had even a blow-out, and everything was encouraging until they reached Trap Corner, where they were obliged to shut off power and remain quiet for about one-half hour, in the pouring rain and tremendous lightning, but they were all enclosed in their closed cars and did not get a particle wet. They left home at four o'clock A. M. and arrived here at six P. M. While here, they motored here, there, and all around, taking all hands along. Everyone went over to Mr. and Mrs. Charles Russell's one day, another day to Rumford and Dixfield, where they visited the Dixfield cemetery where Doctor Tingley was buried. Mr. Burr having brought his remains to Dixfield as the Doctor was a neighbor of his at the time of his death. Upon this day, Irving, Miss Burr and her father, journeyed on to Indian Rock camp at Howard Pond, where Irving was surprised to see such a magnificent set of camps way back in the mountain section and they spoke very highly of the country, located there while at this hotel in the woods of Maine.

All of Sumner was started one day last week by tremendous blasting with dynamite somewhere in the north end of Sumner; some thought that Raged Jack had fallen over, some thought the militia was called out and they rang up Bob Millett's place several times for information. Cal Russell drove to the shore of the Labrador Pond, thinking someone was lynching pickled there. After all efforts failed, all agreed to wait for the next issue of the Advertiser and there they very quickly found out what had happened and here it is: John Redding, our road commissioner, with an able crew of men, was working on the road near the Sturtevant place, part of the men were trucking gravel from the Thompson pit along the road near the mail boxes, but of course the noise they made did not bother much at a distance, though they were doing work that was appreciated very much by the public, but John was busy all the while with other experienced handlers of that awful explosive, blasting huge boulders from the road where they had been posted since this road was surveyed out, and 90 per cent of the motors were obliged to dodge to one side or other in order to pass some of the stones that would weigh many tons. John, you are doing well and a good result that is visible and attract attention of the passer-by, make all the noise you want to, John.

Lionel Bartlett played on the ball team at Redding, where he won many ovations. Lionel has formerly played in some of Rumford's fastest teams.

Jerry Bartlett is improving slowly and it is thought he will be able to return to the hospital for another operation.

Callers at Emerson Bartlett's, Sunday, were master mechanic at the Oxford paper mill, Walter E. Howard of Biddeford and brother, Treat, of Biddeford, Mr. and Mrs. Leon Small, also of Biddeford, and Carson Beedy, foreman of the wood yard at the Oxford mill.

Mr. and Mrs. Adolph Foss and family, of Cumberland Mills, were callers at E. W. Rolfe's, Sunday.

E. W. Rolfe and nephew, Rex, spent the week end at home, returning to Grafton, Sunday evening.

Mrs. Thelma Morse and baby called on her mother, Mrs. Alice Rolfe, Friday.

Mrs. Ed Smith of Bethel spent the afternoon with her sister, Mrs. Mary Mills, one day last week.

Winfield Rolfe, who is working for Maurice Tyler, on Grover Hill, spent the week end at his home.

Dr. I. H. Wright was in this place, Friday, to attend little Miss Ida Howe. She is better at this writing.

Mrs. Alice Rolfe took supper with Mrs. Hilyard at John Howe's, Saturday.

Carl Pouley was in this place one day last week.

Laurent Pingree of Bridport was through this place, Sunday.

THE bi-monthly "Bean Supper" given at the North Lovell Town Hall last Friday night under the auspices of the summer people, who have camps at the upper end of Kezar Lake, turned out to be the most successful affair, from the standpoint of attendance and receipts ever held in the hall. There was much speculation as to whether the summer visitors from New York, Massachusetts and New Jersey could compete with the natives, who have had long years of practice in giving "Circle Suppers" and this doubt brought 250 people—a record-breaking crowd. Over \$50.00 was realized. The beans were no more delicious than usual (and it is rumored that the natives baked to order by some of the best native bean bakers in North Lovell) but the supper was good throughout and there was food enough to satisfy all.

Mrs. Lew Hill and Mrs. Will Brooks, who originated the idea of the summer people giving the supper, had general charge of the affair and were ably assisted by a staff of other ladies, which included Mrs. E. W. Paisley, Mrs. George Souther, Mrs. Kennedy, Mrs. Force and Mrs. Newton Newkirk, who had charge of arranging flowers on the tables. After the supper many lingered to see the movies furnished by Rev. Bull. The picture was "Old Ironsides."

Camp Waterville

Camp Waterville, the annual girls' camp conducted by the Maine Council of Religious Education, will open Saturday, August 18, and continue through the next week. The camp is open to all girls in the state between the ages of 12 and 16 and offers the best in sport, entertainment and Christian fellowship that can be obtained. Miss Ruth A. Brown, of Boston is the director and having held this position since the camp was started, is well known and loved by girls all over the state. She will be assisted by seven counselors, all prominent in religious and social work with girls.

The site of the camp is at the State Y. M. C. A. Camp at Winthrop Center on Lake Oboonewic and is one of the most ideal spots ever used for this work. There are six lodges, each housing 8 persons, a dining room with a capacity of 300, an auditorium for meetings and indoor sports, an infirmary with a nurse always in charge and a headquarters building. These are all situated in a beautiful grove of tall pines, which slopes towards the waterfront, giving perfect drainage through the water. A wellhouse on the campus supplies water from 133 feet below the surface and also houses a pumping outfit for the fire prevention system which reaches to all parts of the grove.

Between two large floats there is ample room for over a hundred swimmers, who prefer shallow water and a diving float out in the water offers opportunities for the most proficient to exercise their skill. The swimming is always in charge of a large number of American Red Cross Life Savers and is one of the most popular of the camp. No serious accidents have occurred in the water. There are also many boats and canoes which are used only by those who can swim well and always under careful supervision.

For field sports there are two baseball diamonds, two volleyball courts, a one-hundred yard straightaway track, six tennis courts, and an archery field.

The kitchens are modern, sanitary and satisfactory to the most critical eye. A French chef provides the best of food and a head waitress is always in charge of the kitchen and dining hall.

Many boys from Norway and Oxford County have attended camp at this place, others have attended church and leadership conferences.

It is one of the best places to spend a week or a summer that can be found. Camp Waterville offers at small cost an ideal, safe vacation for an girl. Information may be received from the Maine Council of Religious Education, Press Herald Building in Portland.

The community would be greatly aided by the attendance of some of our girls.

APPOINTED COUNTY AGENT

Miss Evelyn M. Plummer of Head Tide, a former boys' and girls' club member and a graduate of Nason Institute this year, has been appointed county club agent for Oxford County. She is the first full time club agent appointed to Oxford County and one of five who are to begin their new work on August 16.

Following her graduation from Lincoln Academy, in 1925, she entered Nason Institute at Springfield, completing a three year course in June. In high school she was editor-in-chief of the school paper and at Nason took part in dramatics, was a member of the glee club and vice president of the Y. W. C. A.

She was a club member three years and winner of the Knox-Lincoln County championship in sewing in 1925. She was a member of her club demonstration team and has coached other teams. The quality of her club work won for her a trip to Eastern States Exposition at Springfield, Mass.

With such a fine background of experiences and training and the additional fact that she was born and brought up on a farm, Miss Plummer is unusually well qualified for the position to which she has been appointed.

For several years Oxford County has had the largest boys' and girls' 4H club enrollment in the state. This year there are about 600 members, which is nearly 200 more than any other county. During the rest of this year she will work with the county extension agents, Elsie H. Braden and Donald H. Ridley, who have been directing club work in the county. Next year she will assume entire responsibility for this important extension activity. She is to be located at the Farm Bureau office in the Association Building, South Paris, where the other two agents have their headquarters.

Harrison Old Home Day

Sixth Annual Event a Big Success

The sixth Harrison Frolic and Old Home Celebration was held last week, Thursday, Friday and Saturday. The whole affair was in charge of the William T. Pembroke Post, American Legion and the Bristol Studio.

The first sign of activity was the decorating, which started early in the week. Strings of bright colored flags were placed across the two main streets and all the buildings along the street were well covered with banners, flags and all that goes to make street decoration. A band stand was erected in the common and along the sides were several booths run by Legion boys. Throwing darts, tossing rings and the favorite old Legion game, "Beano," were the main attractions, with a few gathering around the placards in hopes of winning a blanket. A merry-go-round beside the Bungalow Playhouse kept the kiddies entertained while Moxo Barker's vaudeville show with the pretty girls held the attention of many of the crowd who were not accompanied by their wives.

Festivities started Thursday evening at 7 p. m. with a singing led by Charles Harrison, Jerome Swinford and Ellsworth Siker. At 8:15 an entertainment was presented by "Susie's Kitchen Cabinet Band," which consisted of 20 ladies in a comical musical program. All the concessions were in full swing all three evenings and at 8:30 Friday, a Casino Cabaret and Carnival was held in the Bungalow Playhouse. A program of dancing, singing and tumbling was offered between courses and dances and a pleasant evening was enjoyed.

Saturday was the crowning day of the event, the annual Old Home Day. At 10 o'clock outboard motor boat races started. There were nine small speed boats in addition to many others of a slower nature in the small harbor which made a very pretty picture but a noisy one nevertheless. The first race was a Class B affair with seven boats entered, including the "Baby Out-Craft" from Norway Lake, driven by Donald Wood. Since Wood was thrown out of his boat the day before while practicing turns, he was a little skeptical about cutting corners. This hindered his progress somewhat and in the first heat he came in third, the heat being won by Brown of Lovell. Every time around the course saw Wood making his corners closer and better, in the next two heats he was an easy winner giving the local boat a first place at the start. The time of the three heats was 4:54 1-2, 4:53 and 4:52 for the course laid out by boys.

The Class C contest next with four boats more powerful and more speedy, entered. This race was held up for a few minutes while all contestants came to the docks and removed the mufflers from their motors. During the short interval, a race of Harrison boats was run in one heat and only one lap around the course. This was won by P. Alf, time being 3:35 minutes. With the mufflers removed from the four high speed motors they sounded like a flock of aeroplanes as they went out to the course. Evrard motors proved the best in this race, one of them running nip and tuck for first place.

The Fairchild Aero boat owned by Guick Camps won all three heats of this race, the time being 4:23 1-2, 4:23, 4:23. The last race was a free-for-all with nine boats entered. A sudden shower shortened this race to two heats, both led by Guick Camps. Miss Virginia, another Evrard powered boat, also won a heat, while the other seven boats fought for third place a few rods back. George Wood of Norway took third place in this event by a very close margin. The time was 4:15.

Before the races had finished the band concert, which was scheduled at 11 o'clock, had started. For about an hour the Norway-Park band, under the excellent leadership of Gustav Heim, entertained with martial, classical and popular music.

Soon after 2:30 the big parade got under way. It was not as large as in previous years but extended well through the town. The Veterans, Drum Corps of the Ralph D. Caldwell Post, No. 120, American Legion, of Woodfords led the parade which included several well decorated cars, a float with two monkeys driving little autos on a platform, the Harrison fire truck was a large delegation of Camp Ha-wa-ya boys carrying camp and waving flags, some afoot and others on horseback.

At the conclusion of the parade, the band again gave a concert in the square, featuring a trumpet solo by Mr. Heim. "Texas" Benson of the Oxford County Voiture, 40 and 8, entertained for some time with rousing stunts.

Supper was served in the Rebekah Hall and was well patronized. At 7:00 o'clock all the members of the William T. Pembroke Post, the Ralph D. Caldwell Post, No. 120, American Legion, of Woodfords and the members of the 40 and 8 grouped themselves into the bandstand and a picture was taken. The candidates for the 40 and 8 were then taken to the Grange Hall for preparation led by the Drum Corps. While the operations were going on inside, the members of the Drum Corps entertained the onlookers with many impromptu selections. At 7:30 the torch-light parade was started led by the Drum Corps. Four candidates, attractively dressed in buckram, old sheets and "What have you?" were led in prison formation in the center of the parade. Each member also carried one or two placards with very appropriate mottoes and sayings. These hideous specimens were paraded through the streets and then into the bandstand where they entertained the whole crowd with blindfold boxing and many other stunts under the supervision of "Texas" Benson. They were, at the end of it all, full fledged members of the 40 and 8. The following candidates were initiated: Commander Burnett, Commodore Adjutant Robbins, Vice Commander, Curtis, one of our business men of the store of Gannon & Martin. She was a graduate of W. E. H. S. of the class of '28 and has many friends and is a good pianist. Mr. Ames is from Lewiston.

The cement bridge is being repaired, caused by washouts. Beatrice Martin and Arnold Ames were married last week at Ferry Beach by Rev. Eleanor B. Forbes. Mrs. Ames is a daughter of Mr. and Mrs. Charles Martin, one of our business men of the store of Gannon & Martin. She was a graduate of W. E. H. S. of the class of '28 and has many friends and is a good pianist. Mr. Ames is from Lewiston.

Mr. and Mrs. Harry Des were callers on Mr. and Mrs. Jennie, Sunday, also Mr. and Mrs. Holden Savin and son, Dwight, Mr. and Mrs. Will Gordon and Mrs. Brown were callers at George Stevens.

Mrs. Harriet Brown and grandson, Junior Millett, called on Mr. and Mrs. Geo. Stevens, Sunday. Richard Brown was in Harrison, Old Home Day, Saturday, Aug. 11. Mr. and Mrs. Loring Brown called on friends in town, Monday.

Mrs. Frances Grove spent Saturday evening with Mr. and Mrs. Geo. Stevens. Mrs. Omay Moxey and son, Sherin, spent the week of the 6th in Yarmouth. Mr. and Mrs. Omar Moxey and sons, Roy and Sherin, were in West Bethel over the week end. Mr. and Mrs. Tracy Pierce called on Mr. and Mrs. Henry Rolfe, Sunday evening.

artist is by no means small and her delightfully sympathetic interpretations of her songs made them effective. Her program was unusual in its numbers. She has departed much from the beaten track. Mr. Ross' playing also scored a great success, both technically and interpretatively, and both artists had to respond to the demand of the large and enthusiastic audience with many encores at each appearance.

The surprise of the evening constituted duets by Miss Atwood and Alessandro Alberini, the baritone.

The Bristol association, under whose auspices this concert was given, are especially grateful to Messrs. Crassey & Allen of Portland, who so kindly allowed them the use of an excellent Mason & Hannan piano.

Much of the credit for the success of the celebration is due to the untiring efforts of Mrs. Charles Harrison, Mrs. Lillian Stradling, Mrs. H. R. Benson, Mrs. Helen Gerhart, and a host of others too numerous to mention. The general community spirit was excellent and an important factor in the ultimate success of the evening.

Special mention should be made of the good work by the Legion. Commander Burnett and Vice Commander Curtis at the front and back of the program.

With the exception of a short shower at noon, the weather man treated Harrison well. The town was packed with people and the events went off in a manner that carries with it nothing but success.
